Grain defined.....	2:	2:	4:	6
Grain in elevator, sample shall shall show average of lot.....	5:	7:	5:	41
Grain Supervisor. - See Supervisor.				

1. The first part of the document is a list of names and addresses, which are arranged in a columnar fashion. The names are written in a cursive script, and the addresses are written in a more formal, printed style. The list is organized into three main sections, each separated by a horizontal line.

2. The second part of the document is a series of paragraphs of text, which are arranged in a columnar fashion. The text is written in a cursive script, and the paragraphs are separated by horizontal lines. The text appears to be a letter or a report, and it contains a great deal of information about the names and addresses listed in the first part.

3. The third part of the document is a series of paragraphs of text, which are arranged in a columnar fashion. The text is written in a cursive script, and the paragraphs are separated by horizontal lines. The text appears to be a letter or a report, and it contains a great deal of information about the names and addresses listed in the first part.

4. The fourth part of the document is a series of paragraphs of text, which are arranged in a columnar fashion. The text is written in a cursive script, and the paragraphs are separated by horizontal lines. The text appears to be a letter or a report, and it contains a great deal of information about the names and addresses listed in the first part.

5. The fifth part of the document is a series of paragraphs of text, which are arranged in a columnar fashion. The text is written in a cursive script, and the paragraphs are separated by horizontal lines. The text appears to be a letter or a report, and it contains a great deal of information about the names and addresses listed in the first part.

6. The sixth part of the document is a series of paragraphs of text, which are arranged in a columnar fashion. The text is written in a cursive script, and the paragraphs are separated by horizontal lines. The text appears to be a letter or a report, and it contains a great deal of information about the names and addresses listed in the first part.

7. The seventh part of the document is a series of paragraphs of text, which are arranged in a columnar fashion. The text is written in a cursive script, and the paragraphs are separated by horizontal lines. The text appears to be a letter or a report, and it contains a great deal of information about the names and addresses listed in the first part.

8. The eighth part of the document is a series of paragraphs of text, which are arranged in a columnar fashion. The text is written in a cursive script, and the paragraphs are separated by horizontal lines. The text appears to be a letter or a report, and it contains a great deal of information about the names and addresses listed in the first part.

9. The ninth part of the document is a series of paragraphs of text, which are arranged in a columnar fashion. The text is written in a cursive script, and the paragraphs are separated by horizontal lines. The text appears to be a letter or a report, and it contains a great deal of information about the names and addresses listed in the first part.

10. The tenth part of the document is a series of paragraphs of text, which are arranged in a columnar fashion. The text is written in a cursive script, and the paragraphs are separated by horizontal lines. The text appears to be a letter or a report, and it contains a great deal of information about the names and addresses listed in the first part.
